1. PRODUCT DESCRIPTION

The Ortega ANNAlog analog percussion stomp box is a great tool for guitarists, singers, songwriters and street performers wanting to add a percussive element to any performance. Just connect your favorite ANNAlog pedal to any amplifier or sound system using a regular instrument cable with a 6,3 mm (1/4") plug and tap your foot on the ergonomic body to enhance your solo performance. Use the seamless volume control to raise or lower the volume of the percussion sound coming from the ANNAlog. The ANNAlog needs no power supply or battery. To activate the pedal just connect your amplifier or PA system with the output of the ANNAlog using your instrument cable. The ANNAlog also comes with a true, discreet pass-through to output which enables you to pass on the signal of your instrument to your amplifier the easy way. Simply use another instrument cable with a 6,3mm (1/4") plug and connect your instrument with the provided input jack on the left side of the pedal. This versatile feature spares you a second amplifier/PA input and routing problems.

2. PART NAMES AND FUNCTIONS

NO BATTERY OR POWER SUPPLY NEEDED!

3. TECHNICAL DATA

- Weight: approx. 245gramm
- No battery or power supply needed
- CE / RoHS / FCC
- Designed in Germany, produced in P.R. China

4. ACCESSORIES

1. ANNAlog pedal* 1 pc
2. Manual* 1 pc

5. WARNING

Keep this manual

After reading this manual, please keep it for later.

Handling

To avoid breakage, do not apply excessive force to the switches or controls. Do not let paper, metallic, or other objects in the unit.

Care

If the exterior becomes dirty, wipe it with a clean, dry cloth. Do not use liquid cleaners such as benzene, thinner, cleaning compounds or flammable polishes. Do not take the product apart and do not try to repair it on your own. Keep the pedal in a gigbag or case for it's safety. Avoid contact with liquids and do not store the product in extremely dry or moist surroundings as well as avoid suspending it to either extremely hot or cold temperatures.

Disposal

Always dispose batteries and accumulators properly. Do not dispose this product with other household trash. The correct way of disposal will depend on your locality. For further information contact your appropriate local authorities.

FCC

This equipment has been tested with the FCC rules and is FCC certificated. Ortega Guitars is not responsible for unauthorized equipment modifications that could violate FCC rules, and/or void product safety certifications.

Important Notice

Manufactures and sellers are not responsible for misuse, damage and negligence in the use of this product.
