# CONGAS

The conga is more than just a drum; it's a vessel of history and emotion. Its story begins in the heart of Africa, where drums were crafted to celebrate and connect communities. Over time, it evolved into a powerful symbol of identity and expression, blending African rhythms with Spanish and indigenous influences. The conga became the heartbeat of Afro-Cuban music.

Meinl Percussion Congas represents tradition combined with exceptional craftsmanship. We produce these premium drums using only the finest hand-selected materials. We collaborate closely with the most sought-after Conga players on a daily basis, drawing on their expertise to fine-tune every aspect of our drums and make sure that we ensure the highest quality sound and performance.

When you hear the deep, resonant tones of a Meinl Percussion Conga, you're not just hearing a drum; you're feeling the rhythm that has connected generations.

# CONGA HEADS & MINI CONGAS

1

The REMO® Symmetry Conga Heads add more volume and resonance to your Conga. These are available for congas with this sign.

## 1 REMO® SYMMETRY CONGA HEADS

**SIZES** **RHEAD-11:** 11" Quinto; SSR-Rim  
**RHEAD-1134:** 11 3/4" Conga; SSR-Rim  
**RHEAD-1212:** 12 1/2" Tumba; SSR-Rim  
**RTHEAD-11:** 11" Quinto; TTR-Rim  
**RTHEAD-1134:** 11 3/4" Conga; TTR-Rim  
**RTHEAD-1212:** 12 1/2" Tumba; TTR-Rim  
**FIT FOR** **RHEAD:** MCC, MEC, MP, FC, MSA, WKT, WCO, BWC, DG, RS, S  
**RTHEAD:** LC, MTC  
**FEATURE** For more volume and resonance  
**FINISHES** **BK:** Black Calfskin Skydeep®  
**NS:** Nuskyn®  
**NT:** Fiberskyn®

**FEATURES** Contains every feature of a regular Meinl conga, at 2/5 the size  
Tunable buffalo skin head with 4 chrome lugs and rounded rim  
Great for spontaneous jam sessions or drum circles  
**COLOURS** **NT:** Natural  
**VWB:** Vintage Wine Barrel  
**WR:** Wine Red

## 3 CONGA SAVERS

**SIZES** **CONGA-SAVER8:** for 8 mm tuning lugs  
**CONGA-SAVER10:** for 10 mm tuning lugs  
**FEATURES** Placed over the conga lugs to prevent them from damaging and scratching the shell  
Conga remains fully tunable

## 4 CONGA RISERS

**MATERIAL** Sturdy rubber  
**FEATURES** Raise your drums off the floor to allow maximum sound projection  
Provide a stable base on any surface  
Come in a set of four  
Flexible construction  
**COLOUR** **BK:** Black

## 5 CONGA SOUND PLATE

**SIZE** 13 1/4"  
**MATERIAL** Siam Oak (*Hevea brasiliensis* Muell.-Arg.)  
**FEATURE** Provides a hard sound reflective surface under your conga

From Santurce, Puerto Rico, **William Kachiro Thompson** is one of the most in-demand conga and bongo players today. As a prolific recording and touring artist, Kachiro needs drums that will deliver in a wide variety of musical situations. Inside or outside, in an intimate venue or a big stadium, in the studio or while on tour, Kachiro needs instruments that feel good when he plays them and that transmit the nuances and intensity of his playing. With more than 500 recordings during his career so far, Kachiro's sound and playing style has become a staple in modern-day salsa music produced in the salsa capitals of the world, like San Juan (Puerto Rico), Miami, and New York. The Artist Series Congas and Bongos by MEINL are just what Kachiro needs in terms of look and sound. With an elegant shape of the drum, these drums will accompany Kachiro during his busy recording and playing schedule, always delivering the sound he needs.

Kachiro Thompson

Latin grammy winner, producer, composer, musician and percussianist **Diego Galé** has devoted his artistic life to the knowledge of Afro-Cuban music to integrate it with his special way of creating music with flavor. Diego started playing on bongos at an early age, later adding congas. The Meinl Percussion Diego Galé Artist Series instruments are just what Diego needs in terms of comfort, look, and sound. Their sound is rich and dynamic, full of popping highs and warm lows for both studios and live situations.

Grammy nominated artist **Roberto Serrano** is a recognized Mexican percussionist and drummer whose constant search for musical excellence has allowed him the privilege of working with highly recognized musicians like Alvaro Lopez, Michael Landau, Abraham Laboriel and John Peña. Currently Roberto is playing with Luis Miguel a Mexican singer and record producer. His Artist Series signature congas are specially designed with Roberto Serrano. Outfitted with REMO® Fiberskyn Heads and features a Pearl White finish. Available as 11" quinto, 11 3/4" conga, 12 1/2" tumba.

*Roberto Serrano Cruz*

**Ramon Mongo Santamaria** was without a doubt one of the most respected conga players ever, and a pioneer of modern Latin Jazz. Ramon recorded dozens of legendary percussion albums. Mongo has inspired more percussionists around the globe than any other conguero. Mongo Santamaria died at the Baptist Hospital in Miami, USA in February 2003. He was 85 years old. It is with great appreciation and deepest respect that we honour our friend and his life's work with his MEINL Artist Series Mongo Santamaria Congas.

**Luis Conte's** genius stems from his ability to integrate the powerful rhythms of his native Cuba with the American necessities of American pop music. His long and varied career has included numerous Hollywood film scores and mega-successful albums with Madonna, Ray Charles, Phil Collins, Santana, Shakira, Jackson Browne, Sergio Mendes, Cachao, and a multitude of other artists too numerous to mention. All of Luis' needs have been met and exceeded with the MEINL Artist Series Luis Conte Congas. They combine the charm and sound of the old traditional Cuban drums with modern features and innovations. These congas are equipped with traditional rims, are mounted as close to the shell as possible, and when combined with MEINL's True Skin Buffalo Heads, they enable an even more controlled sound.

CONGAS

# BONGGOS

The bongo drum is a little instrument with a tremendous soul. Its roots can be found in the vibrant streets of Cuba, where indigenous, Spanish, and African sounds blended to create a vibrant musical tapestry. The larger drum, the "hembra", and the smaller drum, the "macho", add vitality to the song by making bright, crisp sounds that cut through the atmosphere.

Meinl bongos are expertly made with a commitment to quality, fusing imagination and accuracy. Our bongos guarantee to enhance each beat and stimulate your musical journey, regardless of your level of experience with drumming – whether you're a beginner learning the art or an accomplished performer honing your craft.

# TIMBALES

The Timbales originated in the center of the Caribbean, where life's rhythms pulsate through the atmosphere like a constant heartbeat. These drums were originally played in small, private gatherings, and they have resonant tones and sleek, attractive shells. Their influence in the music industry increased along with the boldness of their rhythms. The Timbales are still going strong today, incorporating new genres into their sound as it develops.

Meinl Timbales are as inventive and one-of-a-kind as the artists that contributed to their creation. We collaborate closely with the best timbaleros in the world on a daily basis. By doing this, these timbales continue to serve as a symbol of lively tradition and inventive music, testifying to the rich cultural legacy of the Caribbean.

# COWBELLS

The cowbell, a versatile and distinctive percussion instrument, carries a rich and fascinating history. Born as a humble bell for livestock, it transcended its origins to become a vital part of musical traditions around the world. Its true essence shines most brightly in the passionate rhythms of Latin percussion. Played with a wooden stick, the cowbell anchors the rhythm section and keeps the group in sync.

Meinl offers a wide range of cowbells in various sizes and tunings, each crafted to produce unique and expressive sounds. We collaborate closely with our artists to fulfill their every need, ensuring that every player finds the perfect rhythm and tone. Whether it's the sharp accent in a rock beat or the heartbeat of a Latin ensemble, Meinl's cowbells bring passion and precision to every performance.

# LATIN INSTRUMENTS

Discover the vibrant world of Latin hand percussion instruments, where rhythm and culture come together. Our collection features a variety of traditional instruments like maracas, güiros, claves, cabasas and many more, perfect for adding authentic Latin flavor to your music. Whether you're a professional musician or a hobbyist, these instruments bring warmth, energy, and versatility to any performance. Explore the craftsmanship and history behind each piece, and elevate your sound with the rich percussive beats of Latin America.

# GÜIROS & CLAVES

**1 TURBO GÜIRO**  
MATERIAL High strength plastic  
FEATURES Three striking surfaces;  
Rubber ringed grip holes  
INCLUDES Synthetic scraper

**2 FIBERGLASS GÜIROS**  
MATERIAL Premium fiberglass  
FEATURES Three striking surfaces; Padded grip holes  
INCLUDES **GU7BK**: Synthetic scraper  
**GU7BR**: Wooden scraper  
COLOURS **BK**: Black  
**BR**: Brown

**3 WOOD GÜIRO**  
MATERIAL Wood  
FEATURE Grip holes  
INCLUDES Wooden scraper  
COLOUR **AM**: Amber

**4 LATIN RHYTHM CLAVES**  
SIZE 8" & 7" long  
MATERIAL Select Hardwood  
FEATURES For foundational latin rhythms;  
Solid body construction; Traditional look

**5 WOOD CLAVES, CLASSIC**  
MATERIALS **HW**: Hardwood  
**RW**: Select Hardwood  
FEATURE Solid body

**6 WOOD CLAVES, AFRICAN**  
MATERIALS **HW**: Hardwood  
**RW**: Select Hardwood  
FEATURES **CL2**: Solid body  
**CL3**: Hollowed out body

**7 WOOD CLAVES, TRADITIONAL**  
SIZE 8" long and 1" diameter  
MATERIAL **IW**: Indian Walnut  
FEATURE Classic pitch and clear, piercing attack

**8 CLAVES DE LUXE**  
SIZE 6 3/4" long  
MATERIAL Dense hardwood  
FEATURES Cutting sound; Convenient carrying

# MARACAS

## 1 RAWHIDE MARACAS

- SIZES** **MSM2:** Mini  
**MSM3:** Traditional  
**MSM4:** Jumbo
- MATERIALS** Natural rawhide and wooden handle
- FEATURES** Entirely made by hand  
Offers a wide sonic range  
Durable construction
- DESIGNS** **CO:** Colombia flag  
**CU:** Cuba flag  
**MX:** Mexico flag

## 2 WOOD MARACAS

- MATERIAL** Wood
- FEATURES** Produces a traditional warm and rich sound  
Available in both round and oval models

## 3 PLASTIC EGG MARACAS

- SIZE** 6"
- MATERIAL** Synthetic
- FEATURE** Ergonomically shaped handle

## 4 CONCERT, SESSION, STUDIO & LIVE MARACAS

- MATERIAL** Synthetic heads
- FEATURE** Ergonomically shaped handle
- COLOURS** **BG:** Beige  
**BK:** Black

**MATERIAL** Brushed steel  
**FEATURE** Filling inside to produce a cutting shaker effect  
**INCLUDES** ABS scraper MG52

# CAJONS

The cajón is a versatile and dynamic percussion instrument, rooted in Afro-Peruvian traditions and widely used across various music genres. Its simple wooden box design delivers deep bass tones and sharp, snappy highs, making it perfect for both acoustic and amplified performances. Whether you're playing flamenco, Latin, or contemporary music, the cajón offers a rich rhythmic foundation. Ideal for drummers and percussionists alike, its portability and range of sounds make it an essential addition to any setup. Explore the rhythmic possibilities of the cajón and bring a new dimension to your music.

# ARTISAN EDITION CAJONS

**José Hernández Díaz** also known as 'Pepote' – was born in Huelva (Spain) in November 1976. He inherited his passion for wood from his father and grandfather, both of whom were aficionados of woodworking and model aeroplanes.

He first came across the Cajon at the age of 13 while watching a Paco de Lucía concert on television. Inspired to make his own, he soon started receiving commissions from friends and acquaintances when they realised that the Cajon was virtually impossible to get hold of in Spain. Pepote began taking these instruments to local shops in his city when he was just 15 years old. This marked the start of his woodwork training, where he focused on the production of musical instruments by studying techniques for making ancient musical instruments and guitars while also completing his studies in industrial furniture design.

Since then, he has been continually developing the instrument and relentlessly perfecting his craft. He came up with an aesthetic based on comfort, tried and tested more than 30 different kinds of wood for construction, created a special unbreakable string for the Cajon and tried 20 different kinds of varnish for the finish. The list goes on. Everything he does revolves around getting the best possible sound out of the instrument and providing the ultimate peace of mind for the percussionist.

## ARTISAN EDITION CAJONS

**FEATURES** Rounded corners and thumb notches for optimal playing comfort and sound  
Ergonomically rounded frontplate with convex contact  
Specially formulated soft rubber feet  
**Martinete, Seguriya, Cantina Line:** Extra thick wooden sound port ring for compression  
Two tuning screws to adjust the tension for each set of strings  
Pop filter on soundhole  
**Seguriya, Cantina, Minera, Bulería, Soleá, Tango Line:** Elegant heat-branding on resonating body

### 1 MARTINETE LINE

**SIZE** 11 1/2" W x 19" H x 12 3/4" D  
**MATERIALS** Resonating body: Solid Wood (15 mm)  
Tulip Poplar (*Liriodendron tulipifera*)  
Frontplate: Brazilian Ironwood (*Phoebe porosa*) with Ukola Woodframe  
**FEATURES** Two sets of 10 adjustable strings (Separately per side)  
6 specially formulated soft rubber feet  
**INCLUDES** Tuning key

### 2 SEGUIRIYA LINE

**SIZE** 11 1/4" W x 19" H x 11 3/4" D  
**MATERIALS** Resonating body: 9-Ply (12 mm)  
Baltic Birch (*Betula Pendula*)  
**AESELIH** Frontplate: Indian Heartwood  
**AESELRW** Frontplate: Rosewood  
**FEATURE** Two sets of 8 adjustable strings (Separately per side)  
**INCLUDES** Tuning key

**CONTAINS** Tambourine Holder  
 Headliner® Series Hand Held ABS  
 Tambourine (HTBK)  
**FEATURE** Perfect for cajon players, guitarists and singers

# DJEMBES

The djembe is a powerful and expressive hand drum with origins in West African culture, known for its rich tonal range and deep cultural significance. Crafted traditionally from wood and goat skin, this versatile instrument can produce booming bass, sharp slaps, and resonant tones, making it perfect for dynamic performances and drum circles. Whether you're playing traditional African rhythms or blending it into modern music, the djembe's voice adds an authentic, earthy energy. Easy to play yet full of depth, the djembe is a must-have for percussionists seeking to connect with rhythmic roots and global traditions.

# TAMBOURINES FRAME DRUMS

Tambourines and frame drums are timeless percussion instruments found in cultures around the world, known for their simplicity and expressive sound. The tambourine, with its jingling metal zills, adds a bright, rhythmic shimmer to any musical ensemble, while the frame drum, often featuring a single drumhead, produces deep, resonant tones. Both instruments are incredibly versatile, used in everything from folk and classical music to contemporary styles. Whether you're looking to add a rhythmic accent or a rich, earthy foundation, tambourines and frame drums offer dynamic, hand-played percussion for musicians of all levels.

**INCLUDES** Warm and powerful sound  
**INCLUDES** Leather padded wooden beater

### 13 PLENERA SET

**SIZES** 8" Quinto; 10" Seguidor; 12" Tumbador  
**MATERIALS** ABS molded frames; Goatskin heads  
**FEATURE** External mechanical lug tuning  
**INCLUDES** Nylon Bag; Tuning Key

# HAND PERCUSSION

Hand percussion instruments like shakers, kalimbas, and castanets, chimes and many more instruments bring subtle yet essential rhythms to a wide range of musical styles. These small, easy-to-play instruments offer a delicate and precise way to enhance the groove, adding texture and colour to your sound. From the crisp shake of a maraca to the sharp click of claves, hand percussion creates dynamic layers that enrich both live performances and studio recordings. Whether you're a seasoned percussionist or a beginner, these instruments are perfect for adding a rhythmic pulse and driving the energy of any musical piece.

# SHAKERS

## 1 MINI CAJON SHAKERS

**SIZE** 2" W x 2 3/4" H x 2" D  
**MATERIALS** Resonating body: Baltic Birch (*Betula pendula*)  
**SH50**  
 Frontplate: Baltic Birch (*Betula pendula*)  
**SH51**  
 Frontplate: Ovangkol (*Guibourtia ehie*)  
**FEATURES** Compact size; Cutting shaker sound; Miniature size of a Meinl cajon

## 2 MINI CAJON SHAKER SET

**MATERIALS** Resonating body: Baltic Birch (*Betula pendula*)  
 Frontplates: Exotic Zebrano, Burl Wood, Baltic Birch (*Betula pendula*)  
**FEATURES** Three unique timbres for multiple sound options; Various frontplates for easy identification

## 3 WOOD SHAKERS, RECTANGLE

**SIZES** **S:** Small  
**M:** Medium  
**MATERIALS** Baltic Birch (*Betula pendula*)  
 Top and Bottom: Exotic Zebrano  
**FEATURES** Wide sound options; Rectangle shaped

## 4 DUAL CHAMBER SHAKER

**MATERIAL** Baltic Birch Plywood (*Betula pendula*)  
 Top and Bottom: Burl Wood  
**FEATURES** Dual internal chambers for greater shaker control; Easier to play consistent shaker patterns; Ultra-smooth sound

## 5 WOOD SHAKERS, ROUND

**SIZE** 4" length, 1 3/4" diameter  
**MATERIALS** **SH56:** Lime  
**SH58:** Beech  
**SH59:** Oak

**FEATURES** Made from three wood species for different volume; Fits comfortably in your hand  
**SH56:** Soft  
**SH58:** Medium  
**SH59:** Loud

## 6 DOUBLE SHAKER & GANZA

**MATERIALS** Rattan with coconut bottom  
**FEATURES** **D01:** Offers two different sounds in one instrument  
**GA2:** Crystal clear sound, high pitched with a great projection

## 7 CAXIXIS

**SIZES** **CAX1:** Small  
**CAX2:** Medium  
**CAX3:** Large  
**MATERIALS** Rattan with coconut bottom  
**FEATURES** Crystal clear sound, high pitched with a great projection; Woven by hand

 Natural birch wood construction  
**COLOUR** **NT:** Natural

# SAMBA

A close-up, artistic photograph of a Samba tamborim drum. The drum's metal rim and central spike are in sharp focus, while the background is a dark, bokeh-filled space with warm, glowing light spots. The word 'SAMBA' is written in large, red-outlined, sans-serif capital letters at the top of the image.

Samba percussion instruments are the heartbeat of Brazil's vibrant Samba music, driving the lively rhythms that define this iconic genre. Instruments like the surdo, tamborim, and pandeiro create the powerful, syncopated beats that bring energy to Samba performances, from street parades to stage shows. Each instrument plays a unique role, blending deep, resonant bass with sharp, bright tones to form the intricate layers of Samba's rhythmic pulse. Whether you're playing in a Samba band or exploring its infectious rhythms on your own, these instruments offer an exciting, dynamic way to experience the spirit of Brazil.

**1 SAMBA WHISTLE**

**MATERIAL** Aluminum  
**INCLUDES** Neck lanyard

**2 ALUMINUM SAMBA SHAKERS**

**SIZES** **S**: Small; **M**: Medium; **L**: Large

# TIMBAS, TANTAM, REBOLO, REPINIQUES & CUICAS

## 1 TIMBAS (PATENTED)

**SIZES** **TIM1428:** 14" diameter, 28" tall  
**TIM1435:** 14" diameter, 35" tall

**MATERIALS** Poplar Wood (*Populus*)  
Replaceable synthetic head

**FEATURES** Lightweight shell; Chrome plated hardware; Comfortable rounded rim; Strong hook to carry it on a belt; Logo applied from underneath the head (CN, TH, US patent)

**INCLUDES** Tuning key

**COLOUR** **AB-M:** Antique Brown, matte

## 2 TANTAM

**SIZE** 14" diameter, 28" tall

**MATERIALS** Poplar Wood (*Populus*)  
Replaceable synthetic Napa head

**FEATURES** Lightweight shell; Chrome plated hardware; Strong hooks to carry it on a belt

**INCLUDES** Tuning key

**COLOUR** **AB-M:** Antique Brown, matte

## 3 REBOLO

**SIZE** 12" diameter, 18" tall

**MATERIALS** Poplar Wood (*Populus*)  
Replaceable synthetic Napa head

**FEATURES** Lightweight shell; Chrome plated hardware; Mechanical lug tuning; Strong hooks to carry it on a belt

**INCLUDES** Tuning key

**COLOUR** **AB-M:** Antique Brown, matte

## 4 ALUMINUM REPINIQUES (PATENTED)

**SIZES** **RE10:** 10" diameter, 10" tall  
**RE12:** 12" diameter, 12" tall

**MATERIALS** Aluminum  
Replaceable synthetic heads

**FEATURES** Countersunk bolt heads; Chrome plated hardware; 6 tuning lugs (10" model); 8 tuning lugs (12" model); Logo applied from underneath the head (CN, TH, US patent)

**INCLUDES** Tuning key

## 5 ALUMINUM CUICAS

**SIZES** **QW6:** 6" diameter  
**QW10:** 10" diameter

**MATERIALS** Aluminum  
Hand selected goatskin heads

**FEATURE** **QW10:** Countersunk bolt heads

**INCLUDES** Tuning key

**FEATURES** Synthetic shell is perfect for outdoor playing  
 Non-slip rubber bottom  
 Great for any skill level or style  
 Lower tones with great resonance  
 Reverse Dot below the head for deeper sounds  
 Stackable for easy storage and transportation  
**SH:** Removable, pre-tuned synthetic head for cutting sounds with sharp attack  
**NH:** Removable, pre-tuned Napa head creates softer, warmer sound

**INCLUDES** **VR-BDPOSET:** Three wooden beaters

# CULTURE INSTRUMENTS

Cultural percussion instruments like doumbeks, darbukas, ibo drums, and talking drums carry rich musical traditions from around the globe. The doumbek and darbuka, with their roots in Middle Eastern music, offer sharp, staccato rhythms and deep, resonant tones, perfect for intricate hand drumming patterns. Ibo drums, often used in African and Latin music, bring a unique ceramic timbre, while talking drums, known for their pitch-changing capabilities, are an integral part of West African communication and storytelling traditions. These instruments not only offer diverse sounds but also connect musicians to deep cultural histories, making them a powerful addition to any percussive setup.
